

# YR Series

## Features and Benefits:

- Flexible operating range from 39" to 68" on 36' length units.
- Available in standard capacities of 16,000 lbs to 25,000 lbs to handle a broad range of loads.
- Available in overall deck widths 72" to 84" (useable width 66" to 78") to cover many types of applications.
- Heavy-duty structural steel subframe construction for strength and longevity.
- Two 10', 3/8" forged link safety chains included for safe fastening at upper end.
- Corrosion-resistant enamel paint with safety orange curbs.
- Curb height 8" off the deck for safe operation.
- Self-cleaning, weather treated serrated grating for maximum traction.
- Heavy-duty steel diamond plate on each approach and discharge for safe operation.
- Double-acting manual hydraulic lifting pump for fast raising and lowering.
- 15-1/2" overlap lip for secure mounting at top of ramp.
- Heavy-duty 18" diameter mold-on rubber wheels with cushion treads on roller-bearing cast iron wheel centers for easy positioning.
