ROUSSEAU
THE COMPANY

Rousseau was founded in 1950. Since that time, we have designed, manufactured and marketed storage systems for primarily industrial use. Our 150,000 square foot facility, a sign of our growth and vitality, is equipped with cutting edge technology.

We offer you a complete and integrated solution for your storage needs : drawers for shelving and cabinets, industrial shelving and Mini-racking, as well as workstations.

More specifically, the Rousseau solution is :

- Modular Cabinets (standard and heavy-duty)
- Mobile Cabinets (standard and heavy-duty)
- Multi-Drawer Cabinets
- Industrial Shelving (open and closed)
- Drawers in Shelving
- Workstations
- Computer Cabinets
- Record Storage
- Two-Level Shelving
- NC Tool Storage System
- Automotive Storage System

THE SPACE EFFICIENCY PEOPLE

Modular Drawer Storage System

With 55 years of experience and a strong engineering department in research and development, Rousseau can confidently offer a modular drawer and cabinet system that will surpass all of your expectations. The Rousseau modular drawer is the most durable* product in its class.

Not only does the system reclaim valuable work space, it evolves with the pace of your current and future needs.

Its innovative design facilitates the organization of your parts and tools.

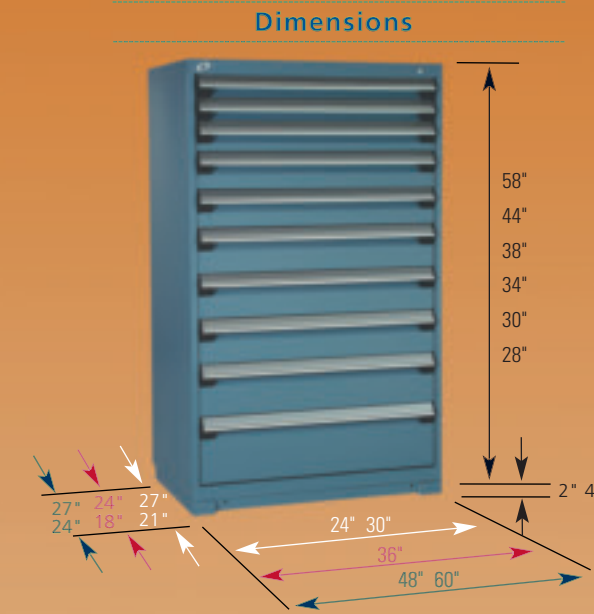

Rousseau modular drawers and cabinets have been designed to respond to the following applications:

- Industrial Market
- Laboratories
- Automotive Dealerships
- Transportation Sector
- And more

*Based on an independent test.

The Rousseau Modular Cabinet

The re-engineered Rousseau modular cabinet was designed with the ultimate goal of responding to your needs. It can be used in a variety of applications: stationary cabinets, mobile cabinets, workstations, and counters. The cabinets are distinguished by the multitude of dimensions offered.

- 10 drawer heights available with full-height sides
- More than 160 dimensions available
- Personalized partitioning system
- Clipped dividers are adjustable at every 1/2" c/c
- Plastic bins are ideal for small parts
- Can be subdivided to optimize your organization
